Washington, DC 20515

Dear Congressman Wolf:

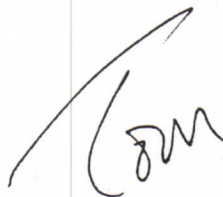

I am pleased to inform you of the American Trucking Associations' endorsement and enthusiastic support of the National Driver Certification Program sponsored by the Towing and Recovery Association of America (TRAA). The TRAA is a national affiliated conference of the American Trucking Associations.

The program has created agreement among towing operators throughout the nation on the basic standards for the towing industry. Its increasing acceptance by various levels of government, law enforcement agencies, insurance companies and the public prove its value.

Through the development and implementation of the National Driver Certification Program, TRAA has set national industry standards that promote safety within the towing and recovery industry and provide a level of protection for the general public.

Your support for additional DOT/FHWA funding for the National Driver Certification Program in FY 1998 is most appreciated.

Sincerely,
